## SURGERY CANCELLATION POLICY

There are many components involved in scheduling a patient surgery. In light of this, we find it necessary to impose a **\$250.00 ADMINISTRATIVE FEE** for any cancellation\* of a scheduled and confirmed elective surgery less than (5) business days prior to the date of the surgery.

We know there are circumstances that require rescheduling of a surgery. Each situation will be reviewed on a case by case basis.

\*Policy Exception: failure to be **MEDICALLY CLEARED** for surgery.
